CROWNE PLAZA SADDLE BROOK, 50 KENNY PLACE • SADDLE BROOK, NJ 07663

A Close and Effective Focus on Supporting STEM in K-5 • Morning and Repeat Afternoon Session

Morning Session - 8:30AM to 11:30AM • Check-In 8:00AM • 3.0 Credits • \$39.00

Repeated Afternoon Session - 12:30PM to 3:30PM • Check-In 12:00 Noon • 3.0 Credits • \$39.00

Barbara Andrews has spent 27 years as a classroom and ESL teacher. She has trained teachers in numerous states through presentations, on site demonstration lessons, and coaching. Barbara has presented at national and international conferences such as IRA and ASCD. Currently she serves as a national literary consultant with Benchmark Education Company. Her wealth of experience has seen her incorporate many strategies to implement into today's curriculum. STEM (science, technology, engineering, math) and STEAM (art added) are growing forces in the classroom. A learning experience which combines collaboration and critical thinking to focus on logical inferences are integral components of instruction. Barbara will explore ways of reading closely to unlock and guide students through the process.

**All attendees will receive a 20% Certificate for Bosland's Learning Plus
Workshop seating is limited, register today!**
